SunCal President To Join Grubb & Ellis

SunCal New Mexico President Will Steadman will join Grubb & Ellis New Mexico as chief operating officer April 5.

He succeeds John Lewinger, one of the owners, who told the **Journal** on Thursday that he will tackle other pursuits with the company: "I will remain in Grubb & Ellis and will just work in a different capacity."

"One of my primary jobs will be getting (Steadman) acclimated," he said.

Steadman headed the New Mexico division of SunCal Cos., the developer of the 55,000-acre Westland property. He previously was a real estate lawyer with the Rodey law firm.

"I'm real excited about the new opportunity," Steadman said.
